Headline

Sierra Madre, CA October 21, 2009, 9:00 a.m. – City Publicizes Free H1N1 Vaccinations in Surrounding Communities

The City of Sierra Madre would like to encourage its residents and visitors to take advantage of the Los Angeles County Department of Public Health's H1N1 Vaccination Program. The service is free to qualifying residents of Los Angeles County. If a County resident is pregnant, live with or care for children younger than six months old, work in health care or emergency medical services, are between the ages of 6 months and 24 years, or have a chronic health problems or a compromised immune system and are between the ages of 25 to 64, they are urged to consider getting this vaccination. Those who do not have insurance will be able to receive free vaccinations at 14 locations in the area from October 24th to November 7th. [See attached list](#) for locations and times.

For more information, please visit www.publichealth.lacounty.gov or call the LA County Info Line – Dial 2-1-1.
